
BrandMeister DMR Documentation Documentation

Release latest

Jun 15, 2019

Contents

This documentation set consists of several sections :

- The **Introduction** explains what BrandMeister DMR is, how it was born and who can use it.
- The **Users** section explains how to connect.
- The **Repeater Owners** section explains how to connect a repeater to the network.
- The **Masters Administrators** section is dedicated to the people managing BrandMeister master servers.
- The **Develloppers** section contains information for programmers who want to integrate BrandMeister functionalities in their code.
- Finally, the **Appendix** contains supplementary information.

This is a work in progress ! # for test
